Re: ICAR accreditation as laboratory for parentage verification

Dear Dr. Monika Feckova,

During its recent meeting held in December, the panel of experts of the ICAR Genetic Analysis Working Group evaluated your application which had been reviewed and presented by the members of the same Working Group.

Following such meeting and the decision taken, the ICAR Secretariat is pleased to advise about the positive result of your application. The ICAR accreditation to your laboratory (The Breeding Services of the Slovak Republic – Laboratory of Genetics) for "STR based parentage testing" in cattle has been consequently granted.

This information and the name of your laboratory will be soon published in the ICAR web site at:
<http://www.icar.org/index.php/certifications/certification-and-accreditation-of-dna-genetic-laboratories/accredited-laboratories-for-parentage-testing-in-cattle/> .

With best regards.

Yours sincerely,

Cesare Mosconi
